

Manufactured Homes Underwriting Reminders

Use this resource to help determine if the requirements for sale of a mortgage secured by a manufactured home to Freddie Mac are met. Refer to [Chapter 5703](#) of the Freddie Mac *Single-Family Seller/Servicer Guide* (Guide) for complete information on manufactured homes.

Revision History	
Effective April 3, 2024	
Guide Bulletin 2024-4	Updated our manufactured home requirements to allow for only one certification to evidence a manufactured home is built in compliance with the Federal Manufactured Home Construction and Safety Standards by either the HUD Data Plate or the HUD Certification Label(s), except for a new manufactured home, which requires evidence of both.
Effective February 7, 2024	
Guide Bulletin 2024-1	Guide Chapter 5703 has been reorganized, and Guide language has been revised for added clarity and specificity. There are no requirement updates with this announcement.
Effective for Mortgages with Settlement Dates on or after September 11, 2023	
Guide Bulletin 2023-13	<p>Single-wide manufactured home eligibility:</p> <ul style="list-style-type: none"> • Mortgages secured by HUD Code-compliant single-wide manufactured homes that are classified as real property will be eligible for sale to Freddie Mac. • Removed the requirement for a single-wide manufactured home to be 10 years old or newer. • Must be a Loan Product Advisor® Accept mortgage. • Loan Product Advisor® (LPASM): If a value is not provided for width type, LPA will default the Manufactured Home Width Type (Unique ID 46.00) to “SingleWide” instead of “MultiWide”. Feedback Message DQC0657 will indicate that Manufactured Home Width Type has been defaulted to “SingleWide”. <p>Updated appraisal requirements, refer to Guide Section 5703.10:</p> <ul style="list-style-type: none"> • Identified information that must be provided to the appraiser when the manufactured home is not yet attached to the land. • Requires photos of the HUD Data Plate and HUD Certification Label(s). • Provided additional guidance related to the cost approach.
Effective September 6, 2023	
Guide Bulletin 2023-18	<p>Cash-out refinance updates:</p> <ul style="list-style-type: none"> • When the purpose of the cash-out refinance mortgage is to convert the manufactured home to legally classified real property the mortgage being refinanced does not need to be seasoned for at least 12 months. • Title seasoning requirement for properties owned free and clear: We have reduced the requirement to allow for at least one borrower to be on title to the subject property for at least 6 months prior to the Note Date for properties owned free and clear.

Note: Vertical revision bars " | " are used in the margin of this quick reference to highlight new requirements and significant changes.

You must select the Program Identifier “CHOICEHome”.	

How to Determine LTV/TLTV/HTLTV Ratios for Manufactured Home Transactions (Guide Section 5703.9)

If Transaction Type is...	The Value Used to Determine LTV is...	For Example...
<p>Purchase: Newly built manufactured home, never occupied, and not affixed to a permanent foundation at the time of application</p>	<p>The lower of:</p> <ol style="list-style-type: none"> 1. The sum of the purchase price of the manufactured home and land, or 2. The sum of the purchase price of the manufactured home and: <ul style="list-style-type: none"> • If the borrower purchased the land less than 12 months prior to application, the lowest price at which the land sold during that 12-month period, or • If the borrower purchased the land 12 months or more prior to application, the current appraised value of the land, or 3. Current appraised value of the manufactured home and land. 	<p>Scenario: Interim construction financing was used to purchase a new \$53,000 multi-wide manufactured home that was placed on a five-acre lot. The lot was purchased for \$40,000 five months ago and is currently valued at \$41,000. The current appraised value of the manufactured home and land is \$94,000. What value should be used to calculate the loan-to-value (LTV)?</p> <p>Answer: The value is \$93,000.</p> <p><i>Here's why:</i></p> <p>The value is equal to the lower of:</p> <ol style="list-style-type: none"> 1. Purchase price of the manufactured home (\$53,000) and land (\$40,000) = \$93,000, or 2. Appraised value of the manufactured home and land = \$94,000

If Transaction Type is...	The Value Used to Determine LTV is...	For Example...
<p>Purchase: Previously owned manufactured home that is permanently affixed to its foundation prior to the application date</p> <p>NOTE: Purchase transactions of previously owned manufactured home that are not affixed to a permanent foundation at the time of loan application are not permitted.</p>	<p>The lower of:</p> <ol style="list-style-type: none"> 1. The sum of the purchase price of the manufactured home and the land, or 2. Current appraised value of the manufactured home and the land, or 3. If the manufactured home was affixed to a permanent foundation less than 12 months prior to the application date, the lowest price at which the manufactured home sold during that 12-month period and the lower of: <ul style="list-style-type: none"> • Current appraised value of the land, or • The lowest price at which the land sold during that 12-month period (provided there was such a sale). 	<p>Scenario: An existing multiwide manufactured home was affixed to a permanent foundation. The manufactured home and land were sold to the property seller six months ago for \$45,000 and \$26,000, respectively. The purchase price for the current transaction is \$83,000. The appraised value is \$81,000 for the manufactured home and land, with the land valued at \$29,000. What value should be used to calculate the LTV?</p> <p>Answer: The value is \$71,000</p> <p><i>Here's why:</i></p> <p>The manufactured home was affixed to a permanent foundation less than 12 months ago, so the value should be calculated based on the lowest purchase price of the manufactured home, and the lower of the land purchase price or appraised value:</p> <ol style="list-style-type: none"> 1. Purchase price of the manufactured home (\$45,000) and land (\$26,000) = \$71,000, or 2. Purchase price of manufactured home (\$45,000) and appraised value of land (29,000) = \$74,000
<p>Purchase: Existing manufactured home in a new or existing subdivision, permanently affixed to its foundation prior to the application date, and is sold by a:</p> <ul style="list-style-type: none"> • Builder, • Developer, or • Manufacturer acting as a developer 	<p>The lower of:</p> <ol style="list-style-type: none"> 1. The sum of the purchase price of the manufactured home and the land, or 2. Current appraised value of the manufactured home and land. 	<p>Scenario: Borrower is purchasing an existing multi-wide manufactured home from the builder located in the last section of a new subdivision. The purchase price, inclusive of the land, is \$125,000. The current appraised value of the manufactured home and land is \$130,000. What value should be used to calculate the loan-to-value (LTV)?</p> <p>Answer: The value is: \$125,000.</p> <p><i>Here's why:</i></p> <p>The value is equal to the lower of:</p> <ol style="list-style-type: none"> 1. Purchase price of the manufactured home and land (= \$125,000), or <p>Appraised value of the manufactured home and land (= \$130,000).</p>

If Transaction Type is...	The Value Used to Determine LTV is...	For Example...
“No Cash-out” Refinance (including a Construction Conversion Mortgage)	Current appraised value of the manufactured home and the land.	<p>Scenario: The borrowers have owned their manufactured home and land for 6 years and want to refinance to lower their interest rate. The manufactured home and land appraise for \$92,000 (the manufactured home is valued at \$60,000 and the land \$32,000). What value should be used to calculate the LTV?</p> <p>Answer: The value is \$92,000</p> <p><i>Here’s why:</i></p> <p>The value is the current appraised value of the manufactured home and land.</p>
Cash-out Refinance – Requires ownership of manufactured home and land by the borrower(s) for a minimum of 12 months prior to application	Current appraised value of manufactured home and land.	<p>Scenario: The borrowers have owned their manufactured home and land for 5 years and want to use their existing equity to make some improvements. The manufactured home and land appraise for \$92,000 (the manufactured home is valued at \$60,000 and the land \$32,000). What value should be used to calculate the LTV?</p> <p>Answer: The value is \$92,000</p> <p><i>Here’s why:</i></p> <p>The value is the current appraised value of the manufactured home and land.</p>

Equity Contributions

If Contribution Is...	To Determine the Maximum Equity Contribution, Use...	And Document the File With...
Land Equity (Guide Section 5703.8(b)(i))	<ol style="list-style-type: none"> If the land has been owned by the borrower(s) ≥ 12 months prior to the application date, use current appraised value. If the land has been owned by the borrower(s) < 12 months prior to the application date, use the lower of: <ul style="list-style-type: none"> Current appraised value, or Purchase price If inherited, gift, etc., use current appraised value. 	<ol style="list-style-type: none"> Appraisal report. Copy of the Settlement/Closing Disclosure Statement and copy of warranty deed evidencing no liens, or reflect release of liens. Acquisition and transfer of ownership proof.

If Contribution Is...	To Determine the Maximum Equity Contribution, Use...	And Document the File With...
Trade Equity (Guide Section 5703.8(b)(ii))	<ol style="list-style-type: none"> If the traded manufactured home has been owned by the borrower(s) more than 12 months prior to application, use 90% of retail value based on NADA Manufactured Housing Appraisal Guide. If the traded manufactured home has been owned by the borrower(s) less than 12 months prior to application, use the lower of: <ul style="list-style-type: none"> 90% of retail value based on NADA Manufactured Housing Appraisal Guide, or Lowest price sold during that 12-month period. <p>NOTE: Any costs resulting from the removal of the manufactured home or any outstanding indebtedness secured by liens on the manufactured home must be deducted from the maximum equity contribution.</p>	<ul style="list-style-type: none"> Lien search results verifying ownership and existence of liens on manufactured home and land (if included). The seller of the new manufactured home must provide proof of title transfer and satisfaction of existing liens on traded manufactured home.
Delivery	For special delivery requirements, refer to Guide Section 6302.25.
